Notes:

 $^{1) \} Segment \ sales \ total \ includes \ intersegment \ transactions.$

²⁾ Segment operating income (loss) is derived by deducting the segment's cost of sales and selling, general and administrative expenses from net sales. This result is regularly reviewed to support decision-making in allocations of resources and to assess performance. Certain operating expenses such as legal settlement costs have been excluded from segment operating income (loss) presentation herein.

		(100%)	(100%)			

Note:Net sales by region is determined based upon the locations of the customers.

Others

- (1) Changes in significant subsidiaries during the period (changes in Specified Subsidiaries ("Tokutei Kogaisha") involving changes in the scope of consolidation):

 None.
- (2) Use of simplified accounting procedures, and particular accounting procedures in preparation of quarterly consolidated financial statements:

Income taxes

Interim income tax expense (benefit) is computed by multiplying income (loss) before income taxes and noncontrolling interests for the three-months period ending June 30, 2020 by a reasonably estimated annual effective tax rate after applying the effect of deferred taxes for FY2020, ending March 31, 2021.

If a reliable estimate cannot be made as in the circumstances that the annual estimated ordinary pretax income(loss) approximates break-even or is forecasted negative, the Company utilizes the actual year-to-date effective tax rate.

Disclaimer:

This report of business results contains forward-looking statements concerning future plans, strategies and forecasts of Toshiba Group business results. These statements are based on management's assumptions and beliefs in light of the economic, financial and other data currently available. Since Toshiba Group is promoting business under various market environments in many countries and regions, they are subject to a number of their risks and uncertainties. Toshiba therefore wishes to caution readers that actual results might differ materially from our expectations. Major risk factors that may have a material influence on results are indicated below, although this list is not necessarily exhaustive.

- Major disasters, including earthquakes and typhoons;
- Disputes, including lawsuits, in Japan and other countries;
- Success or failure of alliances or joint ventures promoted in collaboration with other companies;
- Success or failure of new businesses or R&D investment;
- Changes in political and economic conditions in Japan and abroad; unexpected regulatory changes;
- Rapid changes in the supply and demand situation in major markets and intensified price competition;
- Significant capital expenditure for production facilities and rapid changes in the market;
- Changes in financial markets, including fluctuations in interest rates and exchange rates.
