Notes

- As of the date of this presentation, Toshiba's independent auditor continues its auditing process, including determining when Toshiba recognized the losses at Westinghouse Group.
- Financial figures in this presentation are based on currently available information and consultation with the independent auditor. It is, however, possible that the figures will be modified by the time of the submission of the Securities Report.

Revised Outlook for FY2016 Business Results

Forward-looking Statements

- This presentation contains forward-looking statements concerning future plans, strategies and the performance of Toshiba Group.
- These forward-looking statements are not historical facts, rather they are based on management's assumptions and beliefs in light of the economic, financial and other data currently available.
- Since Toshiba Group promotes business in various market environments in many countries and regions, its
 activities are subject to a number of risks and uncertainties that, without limitation, relate to economic
 conditions, worldwide mega-competition in the electronics business, customer demand, foreign currency
 exchange rates, tax rules, regulations and other factors. Toshiba therefore wishes to caution readers that actual
 results might differ materially from our expectations.
- Toshiba's fiscal year (FY) runs from April 1 to March 31. 1H refers to the first six months (April-September); 2H refers to the latter six months (October-March); 1Q refers to the first quarter (April-June); 2Q refers to the second quarter (July-September); 3Q refers to the third quarter (October-December); and 4Q refers to the fourth quarter (January-March).
- All figures are consolidated totals for the first twelve months of fiscal year 2016, unless otherwise stated.
- Prior-period performance on consolidated segment information has been reclassified to conform with the current classification, unless otherwise stated.
- Westinghouse Group and the Healthcare and Home Appliance businesses are classified as discontinued operations, in accordance with the Accounting Standards Codification (ASC) 205-20 "Presentation of Financial Statements Discontinued Operations". The results of Westinghouse Group and the Healthcare and Home Appliances businesses have been excluded from net sales, operating income (loss), and income (loss) from continuing operations, before income taxes and noncontrolling interests. Net income of Toshiba Group is calculated by recording the business results of Westinghouse Group and the Healthcare and Home Appliances in income (loss) from continuing operations, before income taxes and noncontrolling interests. Results for the past fiscal years have been revised to reflect this change, unless otherwise stated.
- Starting in FY2016, a part of income (loss) of "Others", previously allocated in all segments, is included in "Others", together with basic R&D expenses previously included in "Corporate and Eliminations". Results for past fiscal years have been revised to reflect this change.

Revisions from Previous Outlook on May 15

Negotiation of Toshiba's parent company guarantee with the owners of the VC Summer Project

Negotiation on the fulfillment of Toshiba's parent company guarantee is continuing.

A reasonable estimate of the maximum amount of the parent company guarantee, based on the current negotiation, is reflected in the financial figures.

(The maximum amount of parent company guarantee for the Vogtle Plant project was agreed on June 9 in the U.S., and did not differ from the provision made in the outlook announced on May 15)

Actions for compensatory damages in relation to the accounting issue

A provision for a reasonably estimated amount has been recorded for complaints filed since the release of the previous outlook

As Westinghouse Group was deconsolidated from Toshiba group as of March 31, 2017, regardless of the conclusion of the audit procedure pertaining to Westinghouse group, there is no possibility of major changes in the balance sheet as of March 31, 2017, unless there is a subsequent discovery of currently unknown events that occurred in the reporting period.
