

Bird's Eye view of production base at Hyderabad - India  
Area: 640,000 Square Meters

## Small & Medium Power and Distribution Transformers and Transformers for Wind farm applications

Medium and Small Power Transformer  
Upto 31500 kVA, 66kV

Three Phase Distribution Transformer  
Upto 4000 kVA, 33kV

Underground Three Phase Distribution Transformer  
Upto 1000 KVA, 24KV

Pad Mounted Transformer  
Upto 1000 kVA, 25kV

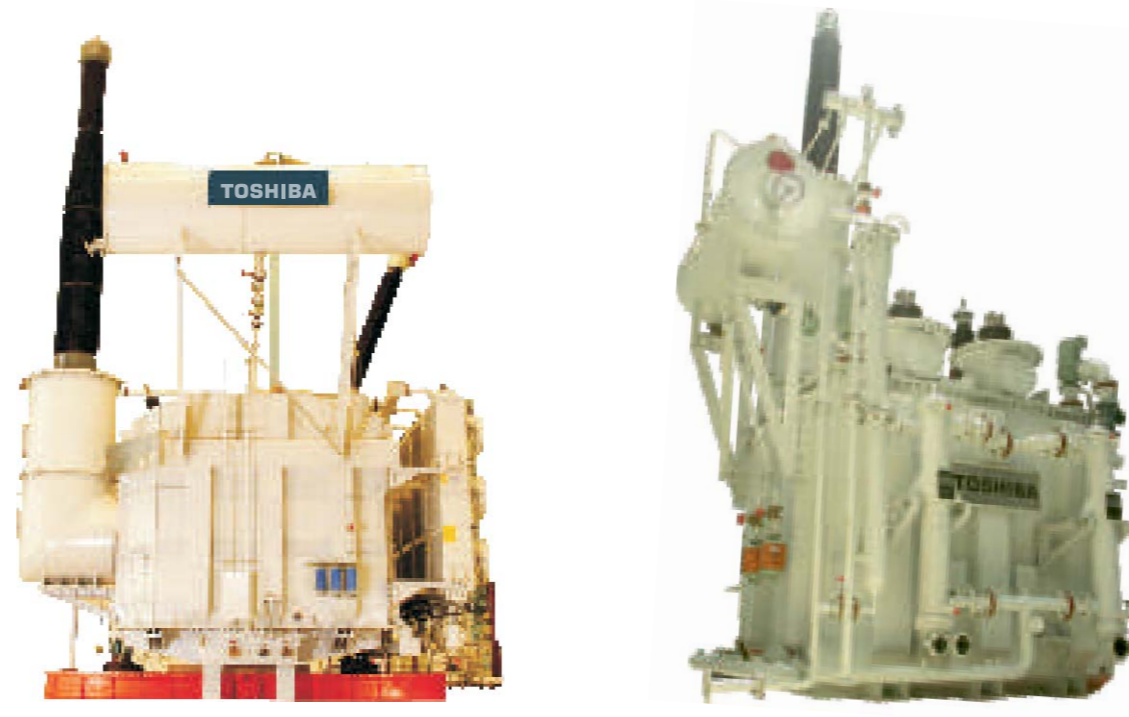

Single Phase Distribution Transformer  
Upto 167kVA, 33kV

### Inverter Duty Transformers (Reliable for solar grids)

5 Windings, 20 MVA

### EHV & UHV Power Transformers

Upto 1500 MVA, 1200kV

Upto 1500 MVA, 1200kV

## Gas Insulated Switchgear (GIS) for Indoor & Outdoor Applications upto 400KV Voltage Level

380-420 kV GIS

Hasang 245 kV GIS

Indoor 132 kV GIS

### EPC: Indoor and Outdoor GIS Substation and AIS Substations

### CRP & SAS : For AIS and GIS Substations

**Head Office  
& Works:**

**Toshiba Transmission & Distribution Systems (India) Private Limited**

Rudraram Village, Patancheru Mandal, Sangareddy Dist. - 502329, Hyderabad, Telangana State, India.
